

How do I learn? Let me show you all the ways.

Suggested Year Levels: Middle School – High School

When to use: Beginning of school year

Background: This is a great icebreaker to use at the beginning of a study skills unit. I would also suggest doing the same task during the year and see if the students thought change.

Materials:

Activities / Procedures

- Provide students with some checklists on study habits or learning styles
- After answering the questions, ask students to complete the following two sentences
 - I learn more when ____
 - The best way for me to study is ____
- Ask students to mingle and see if they can form groups relating to “The best way for me to study is ____”
- In these groups get students to design a skit or mime showing why their way is the best way to study.
